STUDY INFORMATION (email body copy)	Living with vitiligo can be a deeply personal journey — one that affects more than just the skin. We understand the challenges that come with visible changes in pigmentation and the ongoing search for options that truly make a difference. That's why staying informed can be a major step in managing your health. We invite you to join WeConnect, an online registry that shares important health-related information, provides peer support, and updates of clinical trials that may match your health needs. You will also be able to learn more about an active vitiligo clinical trial currently enrolling people just like you. Learn more [INSERT CTA 1 BUTTON] If you have vitiligo and are 18 years of age or older, you may be matched to an active clinical trial.		

	Your participation is voluntary and confidential, and there is no obligation to enroll in a clinical trial. The registry simply helps connect you to trials that may be relevant to your condition. Learn more [INSERT CTA 2 BUTTON] Thank you for considering WeConnect!
CTA 1 (Optional)	Learn more [INSERT CTA 1 BUTTON]
ELIGIBILITY	If you struggle with vitiligo and are 18 years of age or older, you may be matched to an active clinical trial.
WHAT TO EXPECT	What to expect if you qualify: N/A (Educational Content Only)
CTA 2	Learn more [INSERT CTA 2 BUTTON]
CLOSING	Sincerely, Walgreens Clinical Trials
END MATTER (cannot be edited)	The safety and scientific validity of a clinical trial or research study are the responsibility of the study sponsor and investigators. Choosing to participate in a study is a personal decision. This message is being provided in connection with a study being sponsored by Takeda. Walgreens is not a medical provider, and the content of this message is not intended to be a substitute for professional medical advice, diagnosis, or treatment. You should always consult a qualified medical professional with any questions you may have regarding a medical condition, treatment, or participation in a clinical trial. Privacy Policy If you wish to stop receiving Walgreens clinical research messages, click [INSERT LINK] unsubscribe. We're always here if you'd like to come back.
